Guidance Standards for Accessible Design

In 2016 the Centers for Medicare and Medicaid Services (CMS) began enforcing the guidelines set by the Americans with Disabilities Act (ADA) that limit the projection of objects into hallways. These standards protect the visually impaired from possible injury by objects mounted to the wall. BOWMAN offers a variety of products from Protection Systems to Glove Box Dispensers and everything in between that comply with the 4" depth guidelines.

Based on the ADA and Federal Register Guidelines: <https://www.ada.gov/regs2010/2010ADASTandards/Guidance2010ADASTandards.htm> & <https://www.federalregister.gov/documents/2016/05/04/2016-10043/medicare-and-medicaid-programs-fire-safety-requirements-for-certain-health-care-facilities#p-78>

comply INCH BY INCH

4" Protection System Solutions

- 4 inches deep to accommodate wall protrusion guidelines
- Adaptable to hang on a wall or over the door with a hanger
- Quickly converts to an isolation unit with our free isolation signs from BowmanDispensers.com
- Fits most standard size glove boxes and gowns; due to depth, face masks may need to be removed from box
- Semi-Recessed dispensers are also 4" compliant, see pages 78-83
- Many 4" units are available as bundles, see pages 12-13 for details

BACKED BY OUR

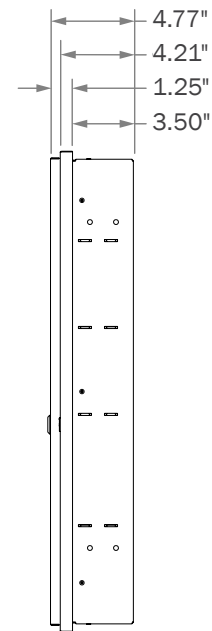

15 YEAR

WARRANTY

Semi-Recessed Protection Systems are a smart choice for high traffic areas, such as hallways or near elevators. Our in-wall solutions avoid wall protrusion rule concerns while keeping necessities organized and at hand.

FEATURING:

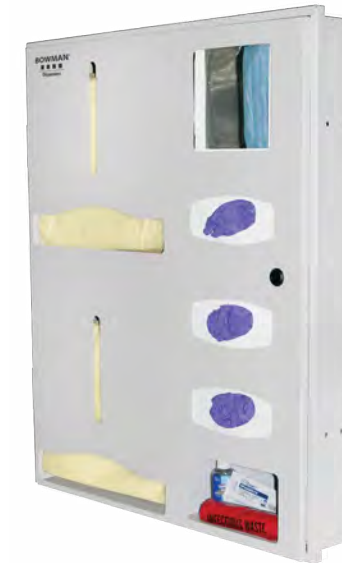

- ADA compliance benefit; once installed protrusion is approximately 1 ¼"
- Simplifies supply location standardization
- Visible access to supplies improves PPE donning compliance and restocking
- Universally sized to hold most major brands of PPE consumables
- Improves HCAHPS scores with a sleek, organized, and aesthetically pleasing design
- One in-wall well, adjustable shelves, and interchangeable doors
- Additional layouts and custom designs available
- Made in the USA out of Quartz Beige Powder-Coated Steel
- For additional Semi-Recessed Dispensers see pages 78-83

**Center Side View
Installation Specs for all
Semi-Recessed Units**

- 4.77" - Overall depth to face of door
- 4.21" - Overall depth to front of frame
- 1.25" - Depth of installed wall protrusion
- 3.50" - Semi-Recessed depth

Measurements shown are overall external dimensions. For complete details on measurements and specifications, download product datasheets at BowmanDispensers.com

WHEN & WHERE
YOU NEED THEM

THINK
OUTSIDE
THE BOX

Personal Protective Equipment supplies are not just for patient isolation. PPE is there to protect staff from hazardous materials and drugs in addition to infectious organisms and blood borne pathogens. Keep your protection equipment available so staff remain compliant with the most adaptable cart for any patient care area.

- Burn Units
- Emergency Department
- Post Anesthesia Recovery
- General Medical Floors
- Interventional Radiology
- GI Labs
- Intensive Care & Oncology: Transmission Based Precautions and USP 800 Compliance
- USP 800 Compliance: Pharmacy

CT030-0000    

Mobile Protection System - PPE Cart II
Shown with optional
MP-047 sign holder

Accessible & Adaptable

- Instant access to PPE
- Standing dispensing, NO bending or searching
- Universal PPE sizing adapts to frequently changing consumable supplier contracts

Efficient & Cost Effective

- PPE is visible in the front and top.
- Glove size indicators for quick grab & go
- Holds all styles of gowns: reusable, flat pack, or thumb loop
- Earloop and/or face shield masks area
- Additional storage area for restock and alternative USP 800 supplies

Safety

- Back safety protection using BOWMAN's exclusive "Standing Dispensing PPE Layout"
- Lightweight, easy roll casters, and toe locking brake
- Exceeds UL industry requirements for tipping stability: California Phase 2 Compliant

Compliance

- Yellow isolation color for easy precaution identification
- Clip-on isolation ID sign holder available
- Industry first: donning process indicators
- Dual purpose handle for hanging personal items to decrease cross contamination

adaptability

SOLUTIONS FOR EVERY MARKET

Comply with OSHA, NIOSH, U.S. Pharmacopeial Convention (USP 800), and other regulatory agencies by having the appropriate Personal Protective Equipment (PPE) available to protect staff.

PHARMA/CLEAN ROOM/LAB

These specialized markets may require additional unique PPE protection. In addition to the traditional gloves, face masks, and gown dispensing areas on the top of the cart, the closed lower storage area on our PPE Cart is adaptable to a variety of industry specific PPE requirements.

AGRICULTURE MARKET

Easily transition from the fields to indoor sorting with our large volume glove and other PPE supplies by utilizing our unique dispensing Cart.

INDUSTRIAL MANUFACTURING

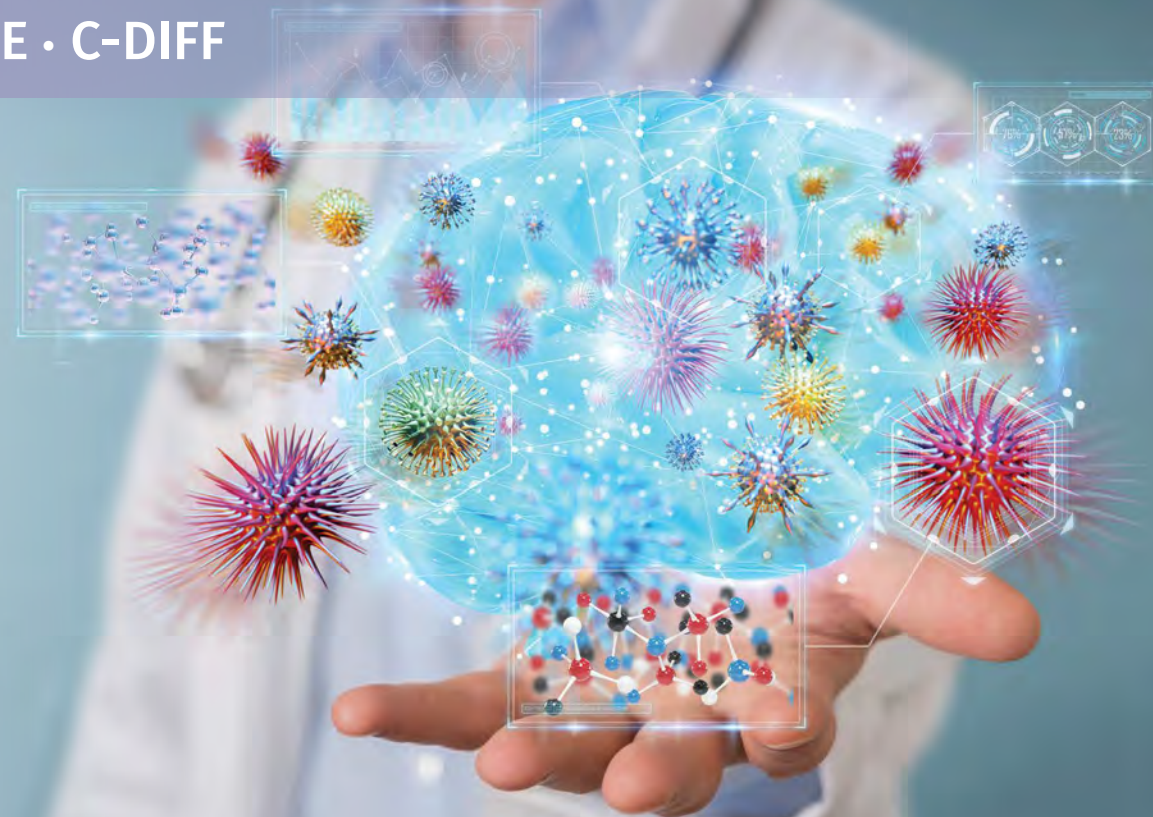

5S your lean manufacturing processes by avoiding wasted trips back and forth to your job box for PPE. Our PPE Cart allows you to flex and move supplies where they are needed in your manufacturing lines while keeping them clean.

FOOD PROCESSING PLANT

We understand that in food processing, a more comprehensive selection of PPE may be required. The storage area and dispensing versatility in BOWMAN's PPE Cart allows for full body coverage PPE dispensing. Additional items like bouffant caps, shoe and boot covers, aprons, sleeves, beard restraints, and more!

don't TRANSPORT your INFECTIOUS ORGANISMS!

Help decrease Healthcare-Associated Infections (HAI's) by utilizing BOWMAN Infection Prevention Stations at critical point of care areas.

Protecting patients, visitors, and staff from microorganisms that spread by contact with contaminated surfaces, staff and common use items can vary in different departments and areas. BOWMAN has a variety of interchangeable solutions to meet each specific need.

Use stations on a counter, wall, or floor stand near:

- Clinics
- Nursing Stations
- Exam Rooms
- Office Environments
- Lab Areas
- Dialysis Centers
- Schools/Classrooms
- Transportation Services

cover your cough

COMPLIANCE KITS

Guard against the unknown with Respiratory Hygiene Solutions from BOWMAN:

- Convenient access to PPE
- Standardized dispensing location
- Supports best practice adherence
- Enhances patient, staff, and visitor safety
- Drives refill compliance
- Contains costs by preventing Hospital Associated Infections (HAI's) and outbreak investigations

TAKE PRECAUTIONS TO
prevent
THE SPREAD OF INFECTION

Comply with the 4-step CDC Guidelines:

- 1 Visual Alerts**
Post visual alerts at the entrances of healthcare facilities, including emergency departments, physician offices, clinics, etc.
- 2 Cleaning Hands**
Use of antiseptic hand wash if a sink for hand washing is not available.
- 3 Wearing Face Masks**
Wear a mask if coughing. Masks available for visitor use.
- 4 Using Tissues**
Cover the nose and mouth with a tissue when coughing or sneezing and properly dispose of tissues after use.

PERFECT FIT
universal appeal

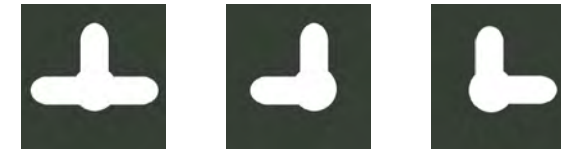

Glove box dispensing solutions from BOWMAN fit any industry and organizational need:

- Material options for any budget
- Different finishes for any interior
- Top, right, and left loading options
- Vertical and horizontal mounting choices
- Single, double, triple, and quad layouts
- Minimal to full glove box visibility
- Changing suppliers means you can keep using the same dispensers, as BOWMAN accommodates most brands

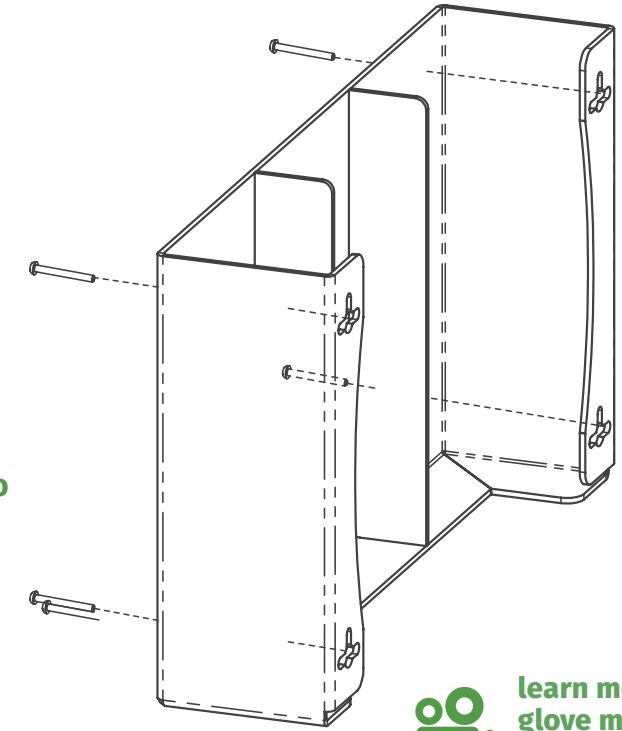

versatile

MOUNTING OPTIONS

Versatile mounting keyholes allow Glove Box Dispensers to be permanently mounted in the direction of your choice:

- Choose horizontal or vertical mount based on loading preference or space availability
- Use hardware recommended by building or maintenance staff

Build A Room by BOWMAN

BuildARoomByBowman.com

bring your vision to life

Build A Room shows you the end result in just a few clicks with a camera and a mouse. Create, save and output an image of your ideal room, like the one shown at right.

plan, design, execute

From taking a photo of the area you want to outfit with dispensers, to arranging them according to your needs, you are in complete control of the whole process.

Build A Room is exclusive to BOWMAN Dispensers:

- Visually plan out your workflow, organization and storage needs
- See firsthand how dispensers will fit in your space
- Arrange, align, and rearrange until you have the perfect placement
- Try out multiple combinations with no commitment to purchase
- Print and download your final layout
- Saved PDF includes a list of your chosen dispensers for reference

Create your ideal working environment in just a few easy steps at BuildARoomByBowman.com:

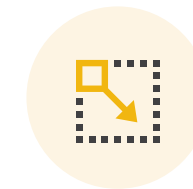

Choose the consumable(s) and room(s) that need organization.

Tape an 8 1/2" x 11" piece of paper to the wall and take a photo straight on of the room.

Select your dispenser category in Build A Room and upload your photo.

Arrange the yellow square to fill your paper in the photo.

Drag and drop dispensers into your space.

Save your design then print or send your layout to your planning team.

Success is in the details

Integrate PPE Dispensing Solutions into the project planning phase to save space, improve aesthetics and reduce code violations.

value adds

FOR EVERY PROJECT

- Semi-recessed, interior cabinet, custom & stock PPE dispensing solutions
- Material options for any budget
- Finish options for any interior
- All products offer best functionality and quality aesthetics
- Strong materials withstand heavy use & hospital grade cleaning products

Center Side View Installation Specs for All Semi-Recessed Units

- 4.77" - Overall depth to face of door
- 4.21" - Overall depth to front of frame
- 1.25" - Depth of installed wall protrusion
- 3.50" - Semi-Recessed depth

Measurements shown are overall external dimensions. For complete details on measurements and specifications, download product datasheets at BowmanDispensers.com

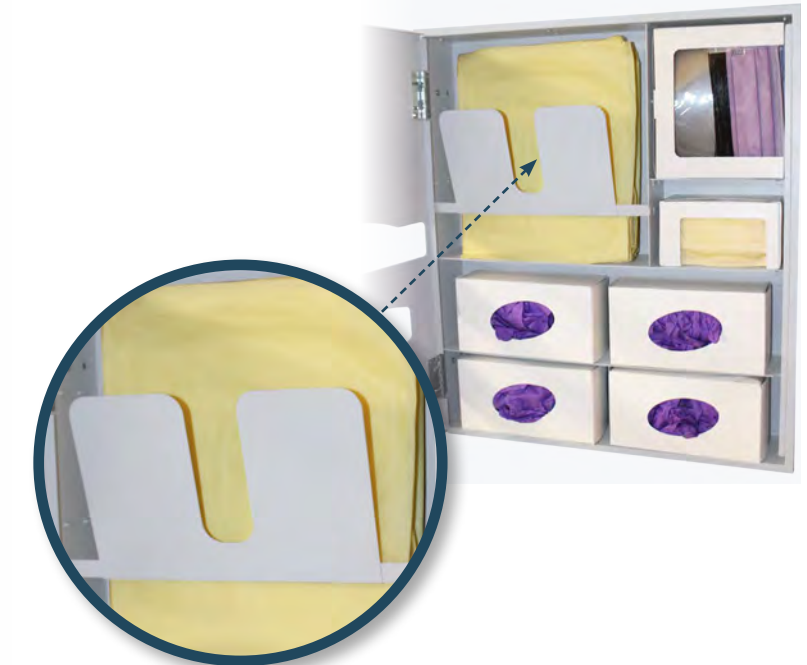

Semi-Recessed Protection Systems are a smart choice for high traffic areas, such as hallways or near elevators. Our in-wall solutions avoid wall protrusion rule concerns while keeping necessities organized and at hand.

FEATURING:

- ADA compliance benefit; once installed protrusion is approximately 1 ¼"
- Simplifies supply location standardization
- Visible access to supplies improves PPE donning compliance and restocking
- Universally sized to hold most major brands of PPE consumables
- Improves HCAHPS scores with a sleek, organized, and aesthetically pleasing design
- One in-wall well, adjustable shelves, and interchangeable doors
- Additional layouts and custom designs available
- Made in the USA out of Quartz Beige Powder-Coated Steel

Ask your distributor for BOWMAN products.

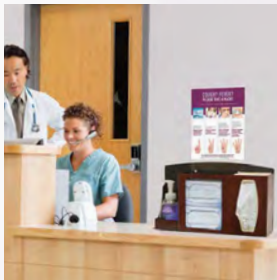

BOWMAN Dispensers is a specialized design and development business creating personal protective equipment (PPE) dispensing solutions. Once a healthcare dominated industry, PPE dispensing devices have expanded in application to most commercial markets such as industrial, food service, education and beyond. We are at the forefront of innovative dispenser design across all industries.

Since 1988, with customer collaboration, BOWMAN now offers over 200 unique items in our product line. As a privately held company, our owners are involved in the business every day. BOWMAN is proud to serve as your industry advocate, partnering with you to create safe, organized and efficient work environments.

easy

ORDERING

Ask your distributor for us by name.
Accept no imitations.
There's only one genuine BOWMAN.

order online:

Check out conveniently from
your phone, tablet or computer:
